The 2010 Post-Season action concludes with the **98th Grey Cup Championship** from Commonwealth Stadium in Edmonton, Alberta, on November 28th; coverage begins at 6:00pm ET / 3:00pm PT. The halftime performer will be *Bachman & Turner*.

About America One Television Network

America One is a multi-screen sports and entertainment network. America One's live broadband sporting events have a global reach and America One Television reaches a broadcast audience of over 35 million households in the US and Caribbean. America One's programming includes a wide range of exclusive, first run, original sports and entertainment content.

As one of the world's largest live sports broadband pay per view providers, America One produces more than 12,000 live sports events per year. These events include sports from over 120 NCAA schools and 100 professional teams. Powered by B2 Technologies, America One provides a secure global payment solution, so fans can watch their favorite live sports anywhere broadband is available.

America One is owned and operated by One Networks. America One provides a stable, simple, multi-screen solution and a proven sports and entertainment programming offering. The America One operations are based in Dallas, Texas with programming and sales offices in New York and Houston. Additional company owned technical resources are located in Singapore, London, Atlanta and Las Vegas.
